## **THE ABS MISSION**

Our mission is to assist and encourage informed decision-making, research and discussion within governments and the community by providing a high-quality, user-oriented and dynamic statistical service; we will actively coordinate statistical activities across government agencies and promote the use of statistical standards.

## **SERVICES AVAILABLE FROM THE ABS**

We can provide you with information, advice and a range of statistical products that will help you make the right decisions — whether you need the information for planning, performance measurement, investment decisions, research or keeping up with trends.

## **SUBSCRIPTIONS AND BOOKSHOPS**

We have around 400 publications available on a subscription basis, and our Bookshops can meet your needs for one-off purchases. If you would like to receive any of our publications on a regular basis, you can become a subscriber, have your publications mailed to you on day of release, and renew your requirements at any time. Catalogues of our publications and products are available free on request from our Bookshops. See the back cover for full address details.

## **INFORMATION CONSULTANCY**

The Information Consultancy Service provides personalised assistance to meet more complex information needs. Our consultants can help you if you have special information requests, such as tailored data compilations or in-depth data investigations. Our consultants are experienced in providing the right advice and assistance for matching our information to your needs. Call them on the inquiries number listed on the back cover.

## **ELECTRONIC SERVICES**

A growing range of our data is available on electronic media. Our PC-Ausstats service provides you with the capability of on-line access to an ABS database containing many thousands of up-to-date time series of socio-economic data. We have a range of summary information available on DISCOVERY 40 (Key#656). Our Telestats service can provide you with a number of major economic indicator publications which you can download into your PC soon after embargo on day of release, as well as a range of tailored foreign trade information. We can also supply a range of our information on floppy disk or CD-ROM.

**1103.2 Victoria's Statistical Geography**

An essential reference for analysis of Victorian small area statistics. Includes maps showing Statistical Local Areas (SLAs) within Statistical Divisions (SDs), Labour Force (LF) Regions and Statistical Districts; shows main roads, rail and waterways. Lists SLAs contained within SDs, LF regions and Statistical Districts; collection districts within SLAs; localities within SLAs for the MSD; postcode by SLA and SLA by postcode listings; Local Government status and boundary changes since 1984; and January 1991 changes to the Australian Standard Geographic Classification (ASGC). Maps also show Commonwealth and State electoral regions.

Recommended for its presentation of January 1991 ASGC (many facets of the 1988 edition are now superseded), its explanation of these changes (allowing a reader to consider implications re time series analysis 1986:1991), and the expanded textual information presented.

**1132.0 Directory of Transport Statistics**

Presents a comprehensive list of major, publicly available holdings of transport related statistics, both within the ABS and amongst other agencies, together with brief articles relating to each source. Presents users with a reference guide to quickly locate statistical needs in relation to transport.

**1133.0 National Statistical Systems — A Guided Tour**

This book discusses the nature, purpose, processes and content of national statistical systems. Beyond its relevance to the work of those involved directly in or with government statistical services, this publication is of potential interest to all who have a concern to be better informed about the nature and state of society. The book sets out to deal with the topic of national statistical systems in a general and comparative way from a broad experience with national and international agencies.

**1134.0 Directory of Industrial Relations Statistics**

Brings together details of information available from some 14 different ABS collections which address issues relating to industrial relations. It provides users with a reference guide enabling them to quickly locate statistical needs associated with industrial relations issues.

**1136.0 A Directory of Education and Training Statistics**

A Directory of ABS statistics related directly, or indirectly, to education and training in Australia. It provides descriptive information on various data sources, data items available, frequency of collections, publications produced, and any reliability or confidentiality provisions.

### 1319.0      *Housing in Brief, Australia*

Condensed information on housing related topics — population and households, dwelling characteristics, housing finance, the housing industry and building statistics.

### 1322.0      *Profiles of Australian Business*

Contains statistical information extracted from the ABS Business Register. The prime purpose of this Register is to provide a framework for the selection of businesses for ABS economic censuses and surveys but it is also used as a source of counts of businesses by type of industry activity and location. Coverage of the Register is those businesses in Australia, private and public sector, that have employees. The publication tables display summary counts for both business units and locations cross-classified by State, public/private sector, industry and employment size.

### 1360.0      *Measuring Australia's Economy, A Student's Guide*

Designed for students, the guide summarizes major economic indicators (for Australia) in a simple, easy-to-read format consisting of short definitions, a brief analysis of current data, simple graphs and tables, and a guide to further references. The publication will also be supported by an update supplement (Measuring Australia's Economy — Update [Month,Year]) issued around July/August each year. The supplement will contain updates, where available, for each data series and can be purchased as an optional extra, for a cost of \$4.50, when purchasing the publication.
